

Amit Kaliyani

Full Stack Developer · MERN Stack

Surat, Gujarat | +91 90160 11013 | Kaliyaniamit705@gmail.com | github.com/AmitKaliyani | linkedin.com/in/amit-kaliyani | leetcode.com/AmitKaliyani | Portfolio

PROFESSIONAL SUMMARY

Passionate Full Stack Developer (MERN Stack) with hands-on experience building scalable web applications using **React.js**, **Node.js**, **Express.js**, and **MongoDB**. Strong JavaScript foundation with **120+ DSA problems** solved on LeetCode. Eager to contribute to collaborative teams building impactful, user-centric products.

TECHNICAL SKILLS

HTML

HTML5 · Semantic HTML · Inline vs Block Elements

CSS

CSS3 · Selectors · Box Model · Flexbox · Grid · Positioning · Display Properties · Responsive Design · Media Queries · Size Units

JAVASCRIPT

ES6+, Data Types, Variables, Operators, Control Flow, Hoisting, TDZ, Closures · Callbacks, Higher-Order Functions, Array Methods, Objects, Map & Set · DOM Manipulation, Events, Event Delegation · Async JS (Promises, Async/Await, Fetch API) · OOP — Classes, Prototypes, this, call, apply, bind · Local Storage, Session Storage, Browser APIs

TAILWIND CSS

Utility-First Approach · Responsive Breakpoints · Spacing, Sizing & Layout Utilities · Typography & Text Utilities · Colors, Backgrounds & Borders · Animations & Transitions

REACT.JS

JSX, Components, Props, State · React Hooks · Functional Components, Controlled Forms, Conditional Rendering · React Router · State Management with Redux Toolkit · API Integration — Axios, SWR · Environment Variables

NODE.JS

npm, pnpm · CommonJS & ES Modules · Event Loop · File System · Path & HTTP Modules · dotenv

EXPRESS.JS

Routing, Middleware, Custom Middleware · Error Handling · File Uploads (Multer) · Cloud Storage (Cloudinary)

DATABASE — MONGODB

Mongoose ODM · Schema Design & Data Modeling · CRUD Operations · Indexing (Basic) · Aggregation Pipeline (Basic)

AUTHENTICATION & SECURITY

JWT Authentication · Refresh Tokens · bcrypt Password Hashing · Role-Based Access Control (RBAC) · Cookies · Sessions (Basic) · Input Validation (Zod) · CORS · Helmet · Rate Limiting

API DEVELOPMENT

RESTful APIs · API Versioning (Basic) · Request Validation · Centralized Response Formatting · Global Error Handling

TOOLS & PLATFORMS

Git · GitHub · Postman · VS Code · Cloudinary · Vercel · Render

EXPERIENCE

React.js Intern **Solvify Tech** · Surat, Gujarat

Aug 2025 – Feb 2026

- Developed and maintained feature modules for an internal task management application built with React.js.
- Designed and implemented the Attendance Management Module — enabling employees to track attendance and records through an intuitive user interface.
- Built the User Profile Module allowing users to manage personal information and account settings.
- Integrated frontend components with RESTful APIs using Axios for seamless, efficient data communication.
- Built reusable, responsive UI components using React.js and modern CSS best practices.

PROJECTS

Quotes Hub — MERN Stack Community Quote Sharing Platform

[Live Demo](#) [Backend](#) [Frontend](#) [Admin Panel](#) [High Level Design](#) [Setup Guide](#)

[React.js](#) [Redux Toolkit](#) [Tailwind CSS](#) [Node.js](#) [Express.js](#) [MongoDB](#) [JWT](#)

- Developed a full-stack quote sharing platform enabling users to create, edit, delete, like, save, and explore community quotes using React.js, Node.js, Express.js, and MongoDB.
- Built secure RESTful APIs following MVC architecture with separate User and Admin modules — JWT-based authentication, role-based authorization, and Zod schema validation on every endpoint.
- Implemented production-ready backend practices: centralized API response formatting, structured logging (Winston), rate limiting, health-check endpoints, and global error middleware. Integrated Cloudinary with Multer for secure image uploads

AK's Store — E-Commerce Web Application

[Live Demo](#)

[React.js](#) [Redux Toolkit](#) [Tailwind CSS](#)

- Developed a fully responsive e-commerce web application using React.js, delivering a modern and user-friendly shopping experience.
- Implemented Add to Cart functionality with dynamic cart management, real-time UI updates, and persistent state via Redux Toolkit.
- Built reusable React components with a clean, modular folder architecture for improved maintainability and scalability.

EDUCATION

Bachelor of Computer Applications (BCA)	Shree Gayatri Gurukrupa BCA College, Lathi	2025 – Present
Bachelor of Arts (BA)	Shree Gayatri Gurukrupa Arts College, Lathi	2021 – 2024

ACHIEVEMENTS

- Solved 120+ Data Structures & Algorithms problems on LeetCode — arrays, strings, recursion, hashmaps, and dynamic programming — using JavaScript. (leetcode.com/AmitKaliyani)
- Consistently practised JavaScript-based coding challenges to improve logical reasoning and coding efficiency.

LANGUAGES

Gujarati	Hindi	English
Native	Fluent	Professional

INTERESTS

Reading Books · Problem Solving · System Design
